For the gamers is a special category containing software mandatory for players, such as GPU drivers, video game console emulation software and clients for different digital-distribution platforms (such as Steam, Uplay and Origin). In the Software category, you can find utility software available for free (not for commercial application), that can improve the performance of your PC in many ways. In order to open and/or unpack some of the mods and patches, .zip software might be required, such as WinRAR, 7-zip or Win.zip - you can find them here. Luckily, gamers just like you have rated and reviewed controllers, and here are their favorite options. There are so many different types of PC game controllers that it can be tough to find the right one. Those are official updates, developed by video game developers (most often the original game's devs). The patches and updates are official upgrades created by game developers that eliminate bugs and introduce new gameplay features. Of course, in the software tab there are also programs for gamers. The software shared by our page is chiefly meant for personal computers running on Windows systems. Page 6 This section of our Downloads is dedicated to helping you complete really hard games, or simply opening new possibilities within gameplay. In many cases, they're made to patch different kinds of bugs and glitches, such as unexpected crashes, malfunctioning AI, wrong scripts of graphical glitches. These mods will make your games batter, add new mechanics, locations, characters and game modes. God Mode, Invisibility, Immortality? Page 2 The software included in this section is very useful in daily application of your computer. It has been divided into a few categories, including: Security (antivirus and firewall software, among others), System tools (improving Windows systems) and Audio & video (everything you need to play audio and video files on your PC). We recommend the following titles: Microsoft Train Simulator, BeamNG.drive, Command & Conquer: Red Alert, Euro Truck Simulator 2, Need for Speed: Most Wanted (2005), Pro Evolution Soccer 2013, Prince of Persia (1989), Championship Manager 2001/2002, Postal 2, FIFA 07. Page 3 Here, you can legally download free games for your PC and laptop: full video games and free demo versions of the best titles around. There are both free full versions (freeware), as well as trial versions (shareware). However, finding the right PC gaming controller can take your games to the next level for an experience you'll enjoy over and over. Updates can also improve game balance (for example by changing the power of attacks of certain enemies in RPGs), enhance available settings' configuration, improve the graphics, and even enhance the game content with additional missions, units, vehicles or characters - it all depends on the genre of the given game. We got it! Welcome to our collection of Game Trainers. Page 5 The software included in this section is very useful in daily application of your computer.
